Manager's Mic

It's not easy traveling for over three weeks. Packing around that much laundry alone can be staggering. But, on the plus side, I also had the opportunity to bake over 100 pounds of beautiful Norton Sound Silver Salmon for our loyal KICY supporters. Excelsior Covenant in Minnesota and Glen Ellyn Covenant in Illinois both played host to KICY Fund-raising Dinners. I must confess, there's no greater joy than personally serving salmon, one by one, to everyone who attended.

Response to my suggestion that

Dennis Weidler

your church may want to take part in these dinners was greeted with great

enthusiasm. No fewer than six other churches contacted me while I was on the road.

We also have one correction to make. The Tucson dinner has been moved to April 27.

Candace and I flew to Chicago for \$10 each using our Alaska Airlines miles. And, the more we travel, the more miles we accrue. We'll be flying to Tucson on a \$50 companion ticket. God has blessed us.

We provide the salmon. You host the event. I get the opportunity to share the vision of KICY. The more I travel, the more important I realize it is to get out and tell the KICY story. Maybe we'll see you soon. 

Time to thank everyone who helps in our broadcasts.

KICY Receives Community Award.

It was halftime at a recent basketball game between the Barrow Whalers and the Nome Nanooks. The Whalers are ranked second in the state, so the game wasn't going as well as we had hoped. Over the gymnasium PA system came the announcement that there was going to be an award presentation. This was unusual and unexpected. Even more surprising was the request for the KICY General Manager to come to center court.

I was playing in the Community Pep Band, so I carefully placed my saxophone on the bench and found my way down to the basketball court with Candace following close behind with her video camera.

Here I was greeted by the President of the Nome Booster Club, local businessman, Charlie Weiss (pictured above) and another local businessman, Chuck Fagerstrom. Charlie wanted to make sure we were still broadcasting as he wanted to include our listeners in the award presentation.

"I know everyone who is listening

here, not only to the home games but the games where all of our family and kids are at who play ball or sports. I'd like to thank you for the great contribution you make," stated Charlie Weiss.

The crowd was extremely enthusiastic and I had an opportunity to thank the KICY Volunteer staff, the people who volunteer from the community and our advertising sponsors.

Live broadcasts of any sporting event require a great deal of personal sacrifice. KICY is proud to be able to provide coverage of this calibre to our region. 

A Prayer of Praise.

We have placed the order for 1,000 pre-tuned, solar powered radios for distribution inside the Russian Far East.

Thanks to so many who have contributed to make this *Radios for Russia* program possible.

Now, SOAR International will help with transportation.

Pastor Harvey and Nancy Fiskeaux

An Encounter With the Dark Side.

I am always so amazed at the way God can turn bad things into good things. Several weeks ago, my wife Nancy and I, were thrilled to see His mighty hand change Satan's work into praise to His Name.

Upon request, we arrived at the apartment of a young man who wanted his house "blessed". Being intimidated by "demons", he was ready to move out though he liked the apartment. He explained the incidents in detail to us as we sat on his living room floor.

There was the little boy ghost who suddenly appeared, calling-out: *"I'm home"* when no one was there, the unexplained incident of the dishes half done when no one in the house had done them. He was desperate for relief from the harassment.

Enthusiastically, I started with the cross and began to proclaim the Gospel in a compelling way. I

spoke of the story in the Gospels where the demons were cast out of a house and returned to find the house clean and in order. They left to seek 7 more to join them. So the result was that it was 7 times worse than before. It was the young man who would need to make sure his heart and home

were both clean. He was willing to renounce all connections with his past shaman history. He humbly knelt in his living room and prayed a prayer of repentance from sin. Following this simple prayer, he opened his eyes, paused and said, *"I feel light...I am happy"*. I anointed

every window and door while we walked through the house praising God in song. We sang triumphantly, *"For Thou O Lord art high above all the earth, thou art exalted far above all Gods. We exalt Thee, We exalt Thee, We exalt Thee, O Lord."* Hallelujah.

Later that same day, we received another phone call. The lady on the

other end of the line said, "I saw a ghost today". We arrived at the same apartment complex to meet with her. She was frightened and wanted prayer for her home. What a joy it was to pray with her and witness her open heart to Jesus. She too prayed the sinner's prayer and received Christ as Savior.

They both welcomed us to their apartments for Bible study. We are enjoying a growing relationship of prayer and Bible study with these two new converts.

Most assuredly, the Gospel of Jesus Christ is the Power of God in Nome also. Please continue to pray with us that this Gospel, lovingly proclaimed will be a beacon of light for searching people in a dark land.

Nome Covenant Church

The date for the
Tucson Salmon
Fundraising Dinner
has been changed to
April 27th.

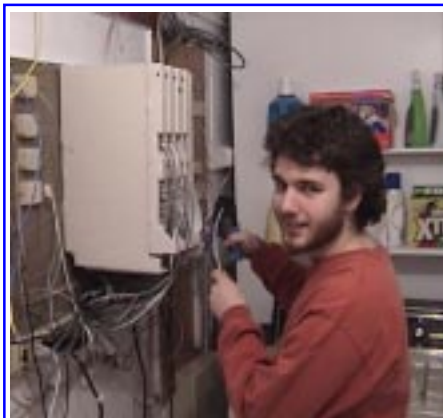

Memorials

In February we received
memorials in the name of:

Milt Zimmerman
Eric Lex
Clifford Rasmussen
Naomi Day
Tom Dotomain
Wayne Harwood Balch

Thank you for remembering a
loved one through a gift to our
mission.

New Phone System Installed.

Volunteer Jamie Saghafi busy
with the installation.

Many, many thanks to Drexel Johnson of Austin, Texas for the donation of a nearly new phone system for KICY.

Volunteer Jamie Saghafi was responsible for retrieving the instruction manual and installing the digital, multi-line system.

Now, when it's time for our live Mother's Day call-in greeting program, we'll be able to take calls on all three trunking lines and put our listeners right on the air!

Necessity is the mother of invention. Thanks to Jamie...and Drexel for a major improvement!

Capital Campaign Update.

We have reached our goal of \$10,000 to allow us to order 1,000 pre-tuned, solar powered radios for distribution in Russia. Thank you so much for making this possible.

Our next capital campaign will be to allow us to remodel the lobby (the final room) of the radio studio. We hope to keep the cost under \$7,500. Pray for our staff as we tear out the walls this summer. It will be a dusty challenge!

Covenant Church.

KICY Staff Part of GPS and the 30 Hour Famine.

Nearly 40 Senior High and Junior High students and staff recently completed the *30 Hour Famine* to raise awareness of hunger among children worldwide. The famine was part of a project by GPS, or God's Positioning System as the local Youth Group is known.

Among the staff are many KICY volunteers including Jamie Saghafi, Julie Yoder, Neil Peterson and AJ Pugh. Former KICY volunteer Christina Perrigo and her husband Lloyd are the GPS leaders. Included in the famine were community

service projects including group singing at Quayanna Care, the local elder care facility, setup for

the Nome Pre-School Fundraising Auction and of course, no food for 30 hours.

Prior to the event, KICY invited several of the young people to talk about their famine on the air and ask for prayer and financial support. The proceeds were earmarked for World Vision for distribution to feed children throughout the world.

The *30 Hour Famine* reinforced the need world-wide of those living a day-to-day survival existence. ■

Julie Yoder, Neil Peterson, AJ Pugh and Delaina Pugh enjoy the sunshine during the 30 Hour Famine.
